- Continuous Learning

WORK HISTORY

UI Developer

NybbleTech | June 2012 – October 2021

Karachi, Pakistan

Team Lead / Project Lead (2019 – 2021)

- Managed junior developers and conducted code reviews.
- Planned and delivered multiple web development projects.
- Coordinated timelines, client communication, and resources.

WordPress & eCommerce Developer (2015 – 2021)

- Built WooCommerce-based eCommerce platforms.
- Optimized website performance and load times.
- Developed custom email templates and client documentation.

HTML & CSS Developer (2013 – 2015)

- Delivered pixel-perfect, cross-browser compatible UI implementations.
- Collaborated with designers to improve navigation and UX.

Internship (2012 – 2013)

- Converted PSD designs into responsive HTML/CSS layouts.

KEY ACHIEVEMENTS

- Increased **Google PageSpeed scores from ~35 to 90+** through frontend, image, and JavaScript optimization.
- Delivered **20+ responsive websites and web applications** using **React.js, WordPress, and Webflow**.
- Reduced page load times by **40–60%** using performance tuning and lazy loading techniques.
- Built **reusable, modular UI components**, improving development efficiency and maintainability.
- Integrated **RESTful APIs** to enable real-time data rendering and smooth frontend-backend communication.
- Led frontend development for **LMS, HRMS, dashboards, and eCommerce platforms**.
- Improved **SEO and crawlability** by fixing canonical URL issues and optimizing on-page elements.
- Converted **Figma/PSD designs** into pixel-perfect, mobile-first, cross-browser compatible interfaces.
- Mentored junior developers and supported timely delivery of client and internal projects.

INDUSTRY EXPOSURE

- Software Development & IT Services
- eCommerce & Retail
- FinTech & Trading Platforms
- Healthcare & Medical Websites
- Education & Learning Management Systems (LMS)
- HR Management Systems (HRMS)
- Corporate & Engineering Websites

KEY PROJECTS

Enterprise & Client Projects

KMNR Engineering

- Designed complete UI/UX in Figma and developed the production website.
- Implemented responsive layouts and performance optimizations.

BaritechSol

- Developed and maintained frontend components and layouts.
- Improved performance, SEO, and cross-browser compatibility.

Logo Poppin

- Built responsive UI components and optimized site performance.
- Maintained SEO elements and regular content updates.

eContentSol

- Developed responsive pages highlighting marketing and content services.
- Improved layout, readability, and mobile performance.

Interior Innovations

- Built a fully responsive eCommerce platform with product and cart flows.
- Optimized mobile-first UX and site performance.
